Profile

Passionate web developer with a First-Class Honors degree in Computer Science, dedicated to crafting intuitive and impactful online experiences. Experienced in delivering user-centric solutions across diverse industries, fostering innovation and efficiency. Committed to staying abreast of industry trends and embracing new technologies to drive continuous improvement. Thrives in collaborative environments, leveraging creativity and problem-solving skills to overcome challenges and exceed project goals.

Work Experience

- Feb 2023- Present
AmdeoTech | Plot 38/39 Emene, Enugu
Web Developer
As a web developer at AmdeoTech, I excel in crafting innovative and user-friendly web solutions. My role involves coding, designing, and maintaining websites, ensuring they meet high-quality standards and align with clients' needs. I'm adept at various programming languages, possess a keen eye for design, and collaborate effectively with teams to deliver exceptional digital experiences.
- 2022-2023
Rukatech | 12, Awokoya St, Ijebu-ode, Ogun state
Web Developer
At Rukatech, my focus centered on crafting visually captivating and functional websites. Within a collaborative team, I transformed design concepts into responsive web solutions. Emphasizing usability and aesthetics, I ensured the quality of our websites aligned with user expectations.
- 2017-2019
HEDEN | 7, Henry close, Sango-ota, Ogun state
Web Developer
At HEDEN, my contribution was to focus on diverse projects such as website creation, maintenance, and optimization. I likely coded and designed websites, implemented new features, and ensured their functionality across different platforms. My responsibilities might have included collaborating with teams and staying updated with the latest web development trends to enhance the company's digital presence and user experience.
